Objective:

Seeking an entry-level position or internship in a computer science related field to gain technical and professional experience. Said position could hopefully lead to full-time position after graduation.

Education:

Master of Science in Computer Science   Expected May 2025
The University of Texas at Dallas, Richardson, TX

Bachelor of Science in Computer Science   Expected May 2023
The University of Texas at Dallas, Richardson, TX   **GPA: 3.754/4.0**

Technical Skills:

Languages: Java, C/C++, JavaScript, Python, MATLAB, SQL, VHDL/Verilog

Operating Systems: UNIX, Windows, Linux

Relevant Courses:

C/C++ Programming in UNIX	Operating Systems
Computer Architecture	Software Engineering
Adv. Algorithm Design & Analysis	Data Structures & Algorithm Analysis

Projects:

Dallas Mavericks Analytic Database   **Spring 2022**
Designed and created an application which interfaces with the API of NBA.com to populate a MySQL database. A Java application and a PHP web application interface with the database and produces user based analytic data about the Dallas Mavericks Basketball Team.

Skills: Java, PHP, MySQL
